

# BEIJING EXTENSION

We offer this popular extension to the Chinese, and at one time Mongolian, capital on all our journeys.

Beijing is world famous for its long history, unique culture, ancient art, beautiful architecture and all its fascinating sights and sounds. Visit some of Beijing's most renowned landmarks: Tiananmen Square, the Forbidden City – off limits to commoners for 500 years, the Hutongs – traditional courtyard homes, the Summer Palace with its view of Kuming Lake. Travel in style on the Trans-Mongolian Train through stunning landscape across the border for your journey in Mongolia.

On returning to Ulaanbaatar, fly back to Beijing where you can enjoy two days of shopping or sight seeing and of course visiting the magnificent Great Wall of China.

*"Thank you for all the wonderful sights you introduced me to." Theresa Sharples*

*"We had the time of our lives, one of our best ever holidays – it exceeded all our expectations." Jill and Bob Gilbert*
